

Downloading ArcGIS Pro

Digital Research Hub, 2023

A. Zheng

Step 1:

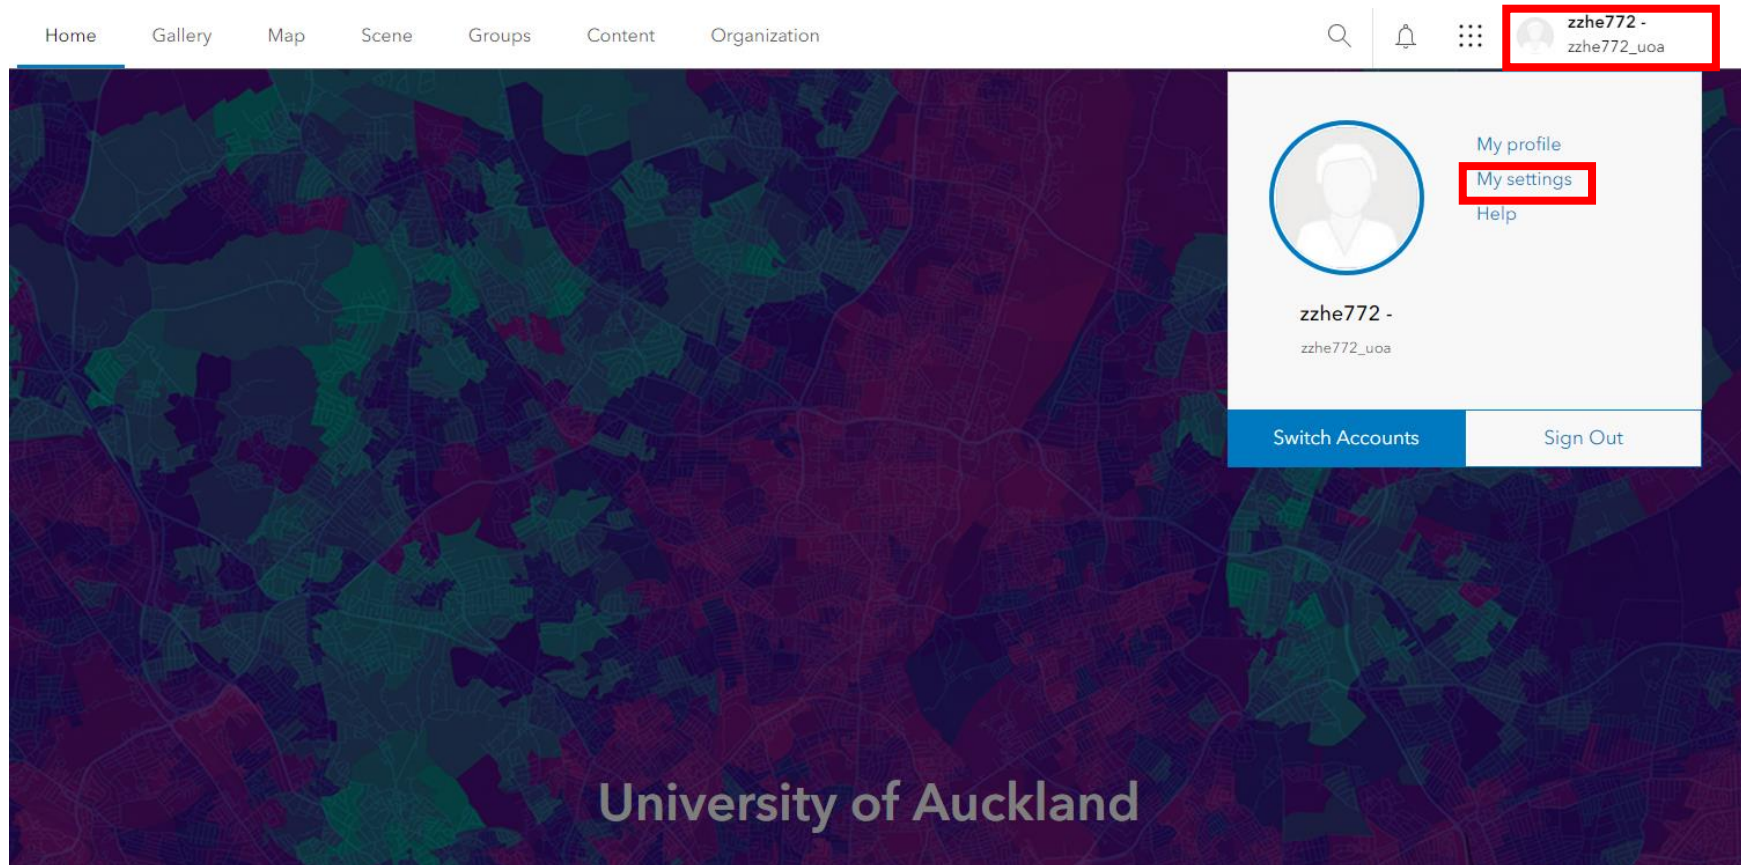

To download ArcGIS Pro visit: <https://www.arcgis.com/index.html>

1. Sign in under 'Your ArcGIS organization's URL' and enter uoa, you should then be taken to the university's log in page. Enter your UPI and password

**note:* if you are not able to log in i.e. an error message containing need to contact administrator for access. Please contact DRH in the email linked on the last slide.

Step 2:

2. Click on the profile in the top right corner

3. Then 'My settings'

Step 3:

4. Under Licenses, you will be able to find **ArcGIS Pro** and download the application

The screenshot shows the 'My settings' page in ArcGIS. The 'Licenses' tab is selected in the left sidebar. The main content area is titled 'Licenses' and displays the following information:

- User Type:** GIS Professional Advanced
- Role:** Publisher
- Licensed products:** A search bar and a list of products. The 'ArcGIS Pro' product is highlighted with a red box, and a 'Download ArcGIS Pro' button is also highlighted with a red box.

License	Action
> ArcGIS Pro extensions	
> Essential Apps	
> Field Apps	
> Office Apps	
ArcGIS GeoBIM	
ArcGIS Pro	Download ArcGIS Pro
ArcGIS Runtime Advanced
